

A special invitation

Chinese Creative Cultural Exchange

An exhibition and idea exchange featuring 30 design ambassadors

Spend an amazing transglobal evening socializing, exchanging ideas and crossing cultures as 30 Chinese graphic design professionals exhibit their latest work in advertising, packaging, book design, posters, photography and contemporary Chinese calligraphy. It's a true cultural exchange where we'll share the flavor of Fabulous Las Vegas with our visitors, while getting a glimpse into the design sensibilities of their vast and fast-developing market. Las Vegas is distinguished to be one of only four U.S. cities on the 11-day tour that also includes Washington, D.C., San Francisco and San Diego. The group is hosted by **Center for Cross Cultural Design**, led by **XCD President Zelda Harrison**.
