Booth Materials Shipment

GETTING YOUR EXHIBIT MATERIALS TO CHINA...CHECKING LUGGAGE VS. MAIL

Option 1 (Checking Luggage): If possible, we recommend checking your bags/crates containing your exhibit booth materials on the plane to avoid shipping across the Pacific Ocean through Chinese customs. This will require your taking responsibility for picking up from baggage claim, getting to the transportation from airport to hotel and then getting these materials to the **CIFIT** venue.

Option (Shipping): If your packages are too large for checking or you prefer the shipping method, please get in touch with one of the designated transportation agents as soon as possible to make arrangements. These transportation agents specialize in exhibit/event materials transportation and customs clearance, and two in particular are designated transportation agents for **CIFIT**:

- Sinotrans Xiamen Customs Broker Co., Ltd.
- Xiamen Penavico Customs Broker Co., Ltd.

Contact information for these 2 transportation agents may be found on page 7 of the Exhibitor's Manual attached to this email. Be sure to tell the shipping agent that they need to place the triangular symbol with 9*8 and your booth number on each package you are shipping in order for your packages to be delivered to the appropriate booth. Specific instructions for placing this symbol may be found on page 8-9 of the attached Exhibitors Manual. Upon arrival in Xiamen, you can take over your packages from the transportation agent by presenting the cargo receipt issued by the agent.

Send your exhibit materials to the following address:

Xiamen International Conference & Exhibition Center Co, Ltd
198 Huizhan Rd. Siming District, Xiamen, PRC 361008

In the pattern, “9•8” stands for to CIFIT and “A08” indicates booth number.

Booth Set-Up and Dismantling

Booth Set-Up

- Official booth set-up begins on September 3rd, from 8:30am to 5:00pm every day from the 3rd to the 6th
- We recommend arriving in Xiamen on September 5th and setting up on the 6th (IIUSA will arrive on September 5th).
- Booth set-up must be completed by noon on September 7th at the latest.
- If you need to work overtime, you must apply at the service counter at each exhibition hall and submit the overtime fee in advance.
- If you would like to make arrangements with a service contractor to assemble/dismantle your booth for you, please see the provided document “Booth Set-Up Companies” which should have been emailed to you. There you may find a couple of recommended set-up companies.
- Please let me know if you are hiring someone to assemble/disassemble your booth as I need to request Booth Setup & Dismantling Passes for them. (A deposit of 50RMB is required for each pass.)

Booth Dismantling

- Booth dismantling and packaging starts at 16:00 on September 11th.
- Personnel involved in booth dismantling must be bearers of the Booth Setup/Dismantling Pass or the Exhibitor Pass.
- Exhibitors are not allowed to dismantle their booths ahead of schedule unless approved by the Exhibition Administration Team of the Organizing Committee of CIFIT for special reasons.
- Large-sized or heavy articles should be removed through the goods passages (the back door of CIFIT Venue).
- Exhibits vehicles are not permitted to access XICEC until 16:00 on September 11th, and are subject to the command by traffic administrative staff. Drivers should stay at their vehicles.
- Exhibitors must clean up any hanging articles or posters by themselves
- Please contact the Service Counter if you have any questions.

Note: If anyone ordered extra booth decorations, such as a TV or extra tables or chairs, you will be billed from IIUSA after the event. To order, email Mirinda James at mirinda.james@iiusa.org.

Optional Tour of Xiamen – Tuesday 09/10/2013

AmCham is arranging this tour. Please speak with them at check-in at the Westin Hotel for more info.
